

BACK ON THE ROAD

back on the road

count down the minutes, til i'm getting the call
they need my voice again
communication, spread the word
i'm here to tell you you'll believe what you heard
drivin' wheel, GPS

got the directions on the back of your shirt

find your center, a happy place

SOMETHIN TELLIN ME TO

get your ass back on the road...

its a feelin' so familiar

IN THE SUN - OUT IN THE COLD

(get your ass) back on the road...

rock city, central texas

DAMN IN TEXAS

a thousand bottles of booze on the wall

you got my picture but i'm not that small

new york city, hells kitchen

the papers say you missed a hell of a show

all my sinners, screamin demons..

THEYRE ALL TELL ME-

get your ass back on the road...

its a feelin' so familiar

it aint much but it's my home

damn this place, (i goin') back on the road
